

# WHY ARE WE SO DIFFERENT?

Everything we do has the user in mind. At first it seems like a shock that an organization would seek to bridge the gap of mistrust. But we do it because we know that you're important to God, and therefore, you're important to us.

Below, you can observe why our housing program is also, so different.

01

## About us

We know that most traditional programs offer you a "checklist" and you'll stay as long as boxes are being checked.

02

## 2nd step transition

In a second step program, you bring your checklist to us. Tell us how you need the boxes checked - because it's your transition.

03

## Goals & Strategies

Communication, Expectations, Accountability. Every day you'll hear those phrases because in relationships - they matter.

04

## Content Plan

While the program is for you, it's NOT about you. It's about the next person. Making it about you, is why you're in a bind.

05

## Budgeting

Yep. There's program fees. Costs money to flip switches and flush toilets, but it's 1/3 of what it costs on your own.

06

## Final Conclusion

"If you don't grow, you gotta go". That's our motto. Evaluating every decision helps prevent - this time from becoming just like last time.
